## REFERENCE LETTER

I started cooperation with Dominik in the 2nd quarter of 2022. I rate the whole thing exceptionally positively. Dominik showed that he is a complete copywriter. Based on our information, he can write a practical case study, create a helpful blog entry, and prepare demanding content for subpages of our agency.

Among the content that Dominik prepares, I like the most among others:

- lists of e-commerce platforms,
- SEO tool rankings,
- content for subpages regarding the positioning of e-commerce stores and specific sales platforms (e.g., Magento, Shopify, OpenCart).

I am also very pleased with the content for our customers. Dominik is fine with product descriptions, categories, and specialized blog entries in various fields. **Based on research and his own experience, he can write excellent content with a great chance of ranking at the top of Google!**

I recommend cooperation with Dominik - a punctual and professional copywriter.

Kind regards,

CEO of Carted - Szymon Spychała
