REFERENCE LETTER

I employ Dominik to carry out the most difficult tasks that my previous copywriters could not handle. He excels in creating content for company websites, preparing advertising slogans, and developing product and category descriptions. Dominik pays attention to SEO and ensures that content ranks high in Google.

I recommend working with Dominik. **In the case of my clients, it has worked best in the furniture industry and fields related to cryptocurrencies and CBD.** In addition, he wrote content about positioning and advertising on the Internet for my website. I am satisfied with Dominik's work.

Kind regards,

The owner of RG SERWIS - Rafał Gałązka
